

Prompt: A person walks in a circle

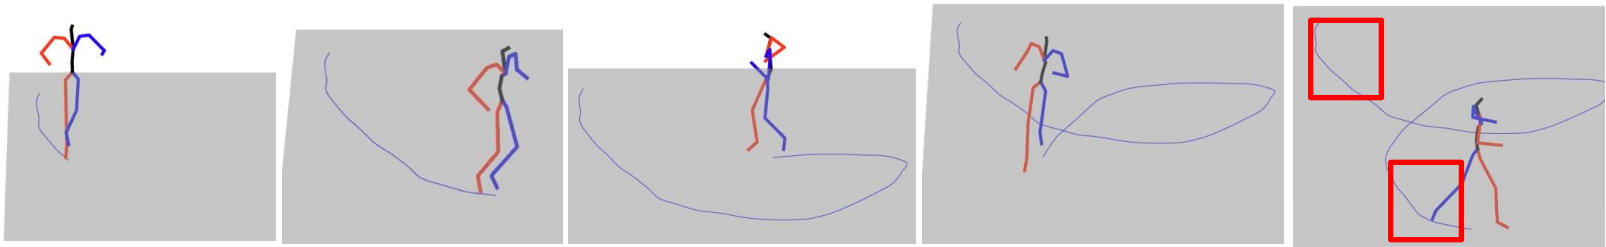

Trajectory and Length

MOGO

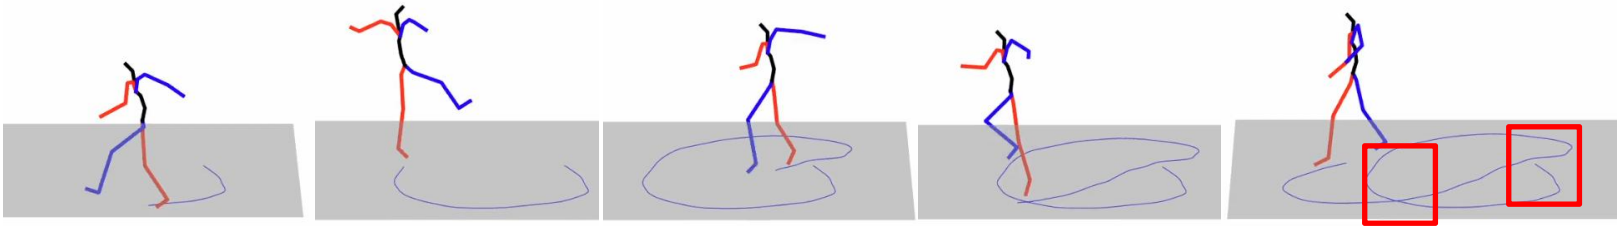

The trajectory forms a **nearly complete circular** path.
11s, **220** frames

Momask

Contains **significant deviations** from a circular shape.
10s, **196** frames

MotionGPT

While the middle section forms a rough circle, **extra steps** on both ends distort the path.
10s, **196** frames
